HOW TO GIVE

Donations & Pledges

WHEN GOVERNMENT FUNDING FALLS SHORT, OUR COMMUNITY STEPS IN.

Casa Myrna is writing to inform our community of significant developments that will impact survivors of domestic and dating violence across Massachusetts. Recent funding and benefit reductions—both at the state and federal levels—will have serious implications for the individuals and families we serve.

The Massachusetts Department of Public Health (DPH) has announced statewide funding cuts that affect a number of domestic and sexual violence service providers, including Casa Myrna. DPH has notified us of our cuts totaling \$108k effective December 1, 2025. These reductions will limit critical resources that support emergency shelter, transitional housing, counseling, and advocacy services for survivors. We further anticipate FY27 DPH cuts at \$185k as well as VOCA projects FY27 cuts estimated at \$600k, and potential HUD cuts as deep as \$2-3M in FY27.

For nearly fifty years, Casa Myrna has been a lifeline for survivors of domestic and dating violence and sexual exploitation— providing shelter, advocacy, counseling, housing, legal support and economic stability services needed to rebuild lives. Today, significant government funding cuts threaten to interrupt this vital continuum of care.

Through The Continuity Campaign, Casa Myrna is raising \$1 million in private giving to protect the life saving programs and services that are now even more critical for survivors. Your generosity ensures that safety, healing, and hope continue — no matter what gaps arise in government support.

Over the next 14 months we ask you to pledge your commitment to reaching our \$1M goal. The Continuity Campaign calls on private donors to close the government funding gap and ensure that our life saving programs continue without disruption.

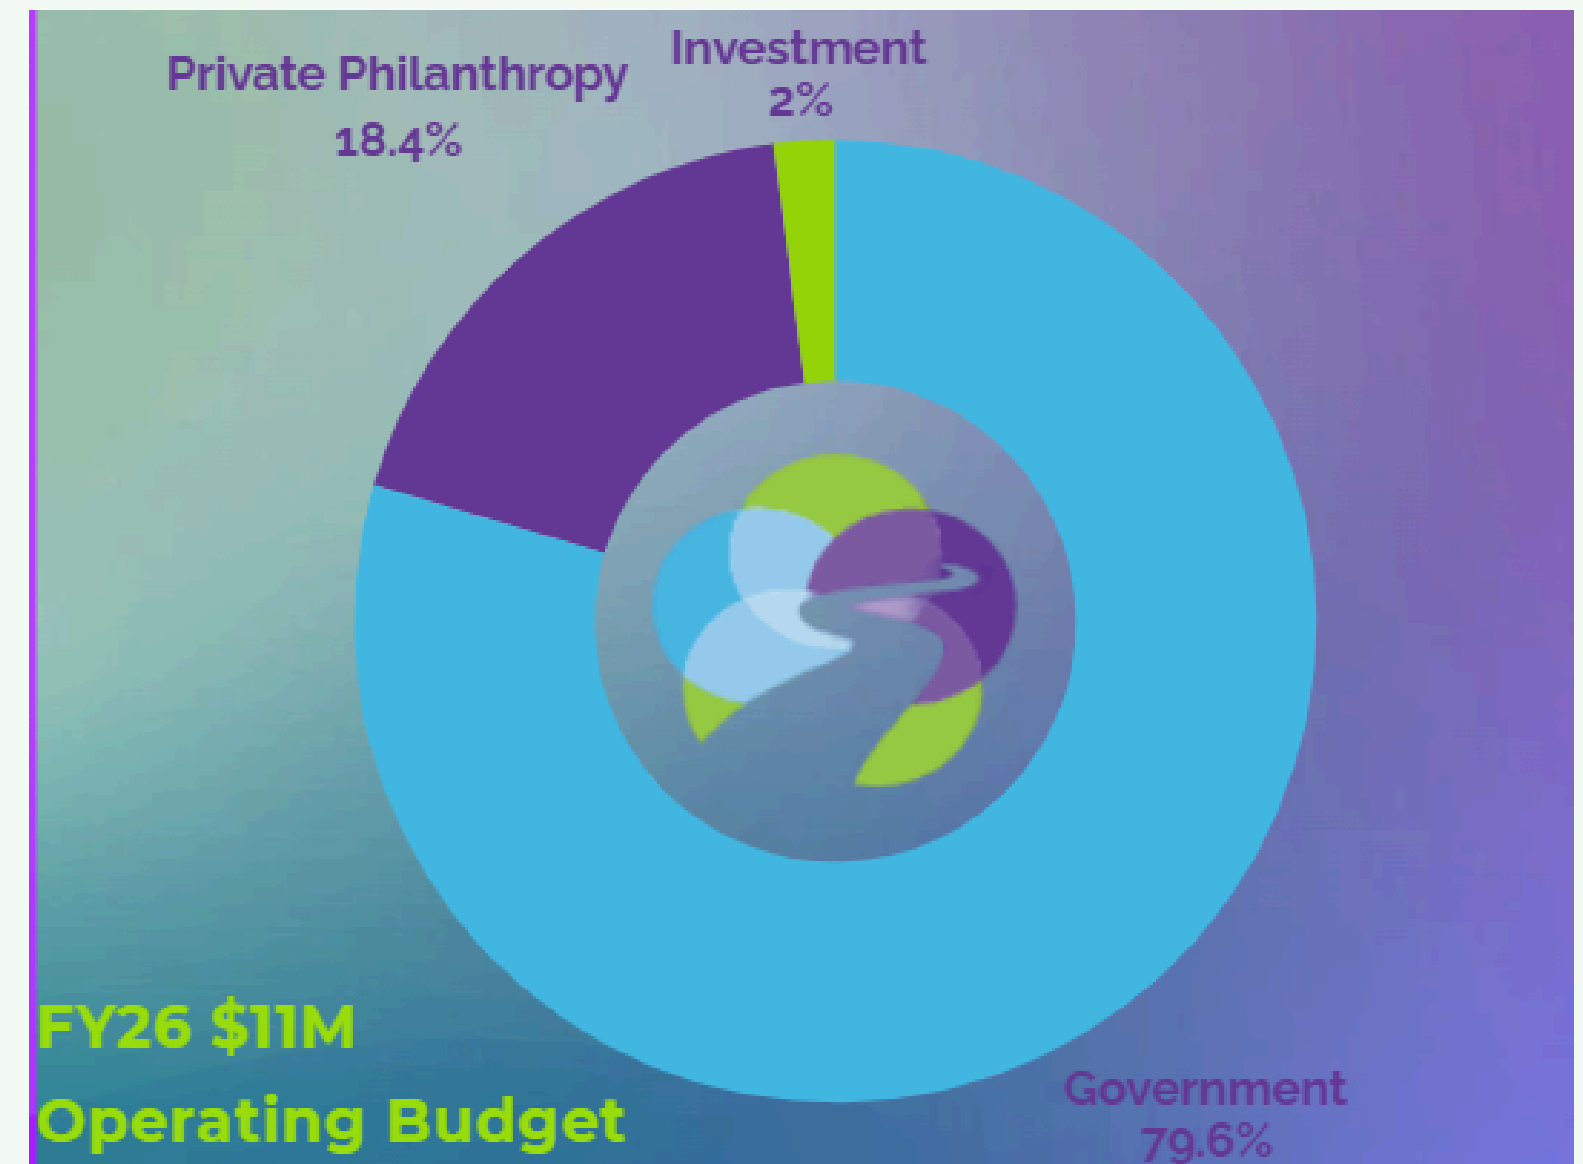

By stepping in, you help sustain safety, hope, and healing for hundreds of survivors and their families — proving that when government falls short your generosity keeps safety, hope, and healing alive.

CEO, STEPHANIE BROWN

THE URGENT NEED

- **80% of Casa Myrna's funding is derived from government sources (50% from federal sources)** and shifts in government spending or policy priorities can impact the availability and timing of those funds with restrictions around who we serve.
- **Effective 12/1/25 our DPH funding will be cut by \$108k, and in FY27 cut again by \$185k.** Further projections **anticipate \$600k funding cuts to VOCA** and **potentially \$2-3million in cuts from HUD.** Casa Myrna remains committed to sustainability and responsible fiscal stewardship.
- This is why unrestricted funding from private philanthropy is so important. In addition to supporting creative new projects and filling in funding gaps, **it allows us to continue supporting survivors ever evolving emergency based needs.**
- **We are calling on our community of donors and private philanthropists to step forward and bridge this gap.**

FUNDING GAP FORECAST

SNAP

Beginning November 1, 2025, SNAP benefits are being temporarily suspended due to the ongoing federal government shutdown, halting new monthly food assistance for millions of households nationwide. This interruption in federal aid leaves over One Million Massachusetts residents without critical nutrition support.

DPH

MA Dept of Public Health line item for sexual and domestic violence services was cut by the legislature this year by \$7M. This fiscal year DPH is cutting Casa Myrna by \$108k. Next fiscal year we will be cut by an additional \$185k. Effective 12/1/25 we lose funding for crisis-intervention & advocacy work, shelter, and SafeLink - the statewide domestic violence hotline.

VOCA

Federal Victim of Crime Act (VOCA) funding has steadily declined in the past six years. In the last two years Casa Myrna VOCA funding has already been cut by 10%. Massachusetts is expecting a projected 40% decrease in federal awards next year. As a result we are projecting a \$600k cut, a 38% reduction for FY27. This funding is directly tied to: Legal services, advocacy and safety planning, and emergency shelter for survivors of sexual exploitation.

HUD

Currently, Casa Myrna provides 24 month housing subsidies to over 100 formerly homeless families. Due to changes at the federal level, we face a \$3M cut to our multi-year contracts beginning in FY27.

THE CONTINUITY CAMPAIGN

These combined funding and benefit cuts place survivors—many of whom are already facing housing and food instability, unemployment, and the lasting trauma of abuse—**at greater risk during the upcoming holiday season and beyond.**

Casa Myrna is deeply concerned about the cumulative impact on the safety, health, and wellbeing of the families we serve. Our funding cut means that we will not be able to mitigate the loss of SNAP benefits for survivors. This sudden loss of public funding jeopardizes critical programs that help survivors rebuild their lives.

We are determined not to turn anyone away nor to reduce the amount of critical support services we can provide— and we know we can prevent that with your help. If the situation weren't dire enough, we are also facing potential cuts from the federal government for our housing programs and other services next fiscal year.

We are calling on our community of donors and private philanthropists to step forward and bridge this \$108,000 gap and the imminent cuts that will be coming as we progress through FY26 & FY27.

Your support will ensure that survivors continue to receive:

- Safe shelter and emergency housing
- 24-hour crisis intervention through our statewide domestic violence hotline, SafeLink
- Community advocacy and counseling services
- Economic empowerment and long-term stability services

Every contribution — whether \$2,000, or \$20,000 or \$200,000— will make an immediate and tangible impact.
